

TO REACH THE OCEAN FROM THE LAKES

DEEP WATERWAYS COMMISSION REPORTS.

Scheme Said to Be Entirely Feasible and Urgent—Nicaragua Canal Comes Up—Mr. Gresham Said to Have Spread Peace Negotiations—Capital News

Washington, Jan. 19.—The President Monday sent to the house the report of the Deep Waterways commission, consisting of President J. B. Angell of the University of Michigan, John E. Russell of Massachusetts and Lyman E. Cooley of Chicago, which was appointed in 1895, under a resolution introduced by Senator Vilas of Wisconsin for a preliminary inquiry as to the practicability of deep waterways between the ocean and the great lakes. The report was accompanied by a letter from the president. The conclusions of the commission follow:

"That it is entirely feasible to construct such canals and develop such channels as will be adequate for any scale of navigation that may be desired between the great lakes and the seaboard and to conduct through the same domestic and foreign commerce, and that it will be wise to provide for securing a channel of a navigable depth of not less than twenty-eight feet.

"That starting from the heads of Lakes Michigan and Superior, the most eligible route is through the several great lakes and their intermediate channels, and the proposed Niagara ship canal (Tonawanda to Olcott) to Lake Ontario, and that the Canadian seaboard may be reached from Lake Ontario by the way of the St. Lawrence river, and the American seaboard may be reached from Lake Ontario by way of the St. Lawrence and Lake Champlain and the Hudson river, or by way of the Oswego, Oneida-Mohawk valley and the Hudson river.

"The specific surveys and investigations are in themselves estimated at \$350,000, and will take from two to three years, and of this not less than \$150,000 should be appropriated the first year, along with such additional sums as may be required for measuring the outflow of the lakes, of which \$100,000 should be made available during the first year."

The commission reports that the agricultural competition this country has recently had to meet with India, and which is likely to be intensified, impels the government to take steps to cheapen freights; that the limit of reduction in railroad rates has been reached, and attention must be directed to waterways. In referring to wheat the commission expresses fear of the consequences of the increasing competition from the Argentine Republic and Uruguay.

TAKE UP NICARAGUA BILL.

Senate's Vote Makes the Canal Measure Unfinished Business.

Washington, Jan. 19.—The senate Monday voted to take up the Nicaragua canal bill. This gives the measure the parliamentary advantage of being the unfinished business of the senate, so that it will be considered from day to day until final action is secured. The prospect is that a final vote will be reached at an early day, and the test vote on taking up this bill—yeas 36, nays 14—foreshadowed its passage.

Mr. Chandler (N. H.) introduced the Republican caucus bill for an international monetary conference, and stated that it would be called up today.

Among the resolutions offered was one from Mr. Pettigrew (S. D.) calling on the secretary of state for information as to the status of the Venezuelan question, and for the agreement made between the United States and Great Britain.

The house passed three bills of public importance and devoted the remainder of the day to District of Columbia business. One of these bills prohibited the sale of intoxicating liquors to the Indians, one amended the existing patent laws in conformity with the recommendations of the American Bar association, and another provided for the use by the government of patents secured by naval officers at compensation to be fixed by a board of three officers.

Give Credit to Mr. Gresham.

Washington, Jan. 19.—The president Monday furnished the senate, in response to a resolution adopted in executive session, with the correspondence between our government and Great Britain resulting in the general approval of the senate. Some of the arbitration treaty now awaiting the facts that appear in the correspondence are that the late Secretary Gresham in the spring of 1895 initiated the correspondence with Great Britain looking to a general arbitration treaty.

FAIL TO CHOOSE.

Illinois Republicans Hold a Caucus and Take Two Ballots.

Springfield, Ill., Jan. 19.—Two ballots were taken for United States senator last night in the Republican caucus. To-night the joint caucus will meet again. It is predicted that Congressman R. R. Hitt is the coming man. He showed the most promising strength in the caucus.

The caucus began at 8:15 o'clock in the Supreme court-room, and lasted one hour and twenty minutes. In this time two ballots were taken. William E. Mason led on the first ballot with 46 votes. William Lorimer came second with 39. R. R. Hitt was third with 12. Clark E. Carr and Joseph G. Cannon each had 10, A. J. Hopkins 6, George E. Adams 2, and Samuel W. Allerton 1. On the second ballot Mr. Mason sustained a net loss of one, Lorimer gained one, Cannon gained one, but R. R. Hitt gained four. Mr. Hopkins remained where he was on the first ballot, and Mr. Carr lost four and George E. Adams one. Mr. Allerton held to his single vote.

As soon as the result of the second ballot was announced, Representative Murdoch moved that the caucus adjourn till 8 o'clock to-night. Representative Shanahan seconded the motion and the roll-call was demanded, and as seventy-four members wanted to do some more surveying before another ballot, and but fifty-two objected, the motion was carried and the caucus at 9:40 o'clock adjourned to meet to-night in representatives hall.

STRIKE IN EVENT OF WAR.

Socialists Making Progress Among Railway Workers Except in Germany.

Berlin, Jan. 19.—The establishment of a Centralistische Social Demokratische Gewerkschaft der Eisenbahner Deutschlands is considered a great socialist success, since this union appears destined one day to resolve on a general strike in case of an outbreak of war. The matter was prepared at the International Railway Workers' Congress in Milan last August. It was there stated that the Socialists are making progress among railway workers in France, Spain, the Netherlands, Belgium, and Switzerland, but complaints were brought forward of stagnation in the movement in Germany. The congress at Milan voted considerable funds for propagating socialism among German railway workers, and the matter was finally accelerated by the strike at Hamburg. The next international railway mens' congress is to be held at Barcelona.

Indiana Farmers Will Fight.

San Pierre, Ind., Jan. 19.—About 400 farmers and land-owners met here Monday to protest against the drainage of the Kankakee valley. They claim that any more drainage than what is now accomplished by their ditches would be detrimental, and that their certain hay crop is worth more to them than any crop they might hope to produce after more drainage is effected.

Danger of a Strike in Iowa.

Des Moines, Iowa, Jan. 19.—The Oak Park coal mine, near this city, cut the price of mining coal from 80 cents to 50 cents a ton. The miners struck, but the operators claim to have men who will begin work at once for 50 cents. This will compel all the operators to come to the same basis or quit, and may produce a coal famine, as the supply on hand is very small.

Lansing, Mich., Jan. 19.—Representative John Donovan of Bay City introduced in the house a bill to provide for the ringing of the curfew bell in all cities and incorporated villages of the state, and to require all children between the ages of 8 and 18 years to remain off the streets after 8 o'clock at night.

GIVES THE FACTS.

ABOUT THE PEOPLE

INTERESTING FIGURES FROM THE LAST CENSUS.

Large Increase Shown in the Number of Working Population of the United States—Four-Fifths of the Illiterate Are At Work—Bulletin Is Out.

Washington, Jan. 19.—Much interesting data about the occupations of the American people is given in a bulletin of the eleventh census just furnished the press.

It shows that the total number of people engaged in occupations of all kinds in 1890 was 22,735,661. This is an increase of more than 5,000,000 working people in a decade. This whole number of working people consists of those ten years old or over and makes up over 36 per cent of the entire population and almost 47 per cent of all persons ten years old and over.

Of the whole number of working people the females form 17.22 per cent. Divided by classes the working people of the country are as follows: Agriculture, fisheries and mining, 9,031,336; professional, 944,333; domestic and personal service, 4,360,577; trade and transportation, 326,122; manufacturing and mechanical industries, 5,091,293.

The domestic and personal service includes hotelkeepers, soldiers, sailors and marines, laborers, barbers, detectives, etc. The first-named class is a ten years' gain of more than 1,000,000 or of almost 3,000,000 for a score of years.

Considerably more than four-fifths of the illiterate male population of the country and over one-fourth of the illiterate female population are working. More than 59 per cent of the working-men are married, over 37 per cent single, over 3 per cent widowed and one-quarter of 1 per cent divorced. Of all foreign whites at work here 14 per cent of the males and 13 per cent of the females cannot speak English. There is an element of 8½ per cent of the men employed in domestic and personal service who cannot speak English and almost 5 per cent in the manufacturing and mechanical industries. Manufacturing and mechanics embrace the largest number of females who cannot speak English, over 4 per cent, with domestic service a close second.

In manufactures and mechanics the carpenters and joiners, numbering 611,482, make up the greatest element, with dressmakers and milliners following, with 499,690. There are a little over 1,000,000 bookkeepers, clerks, salesmen, 690,658 merchants and dealers, 5,281,557 farmers, planters and overseers and 3,004,961 agricultural laborers, 349,592 miners and only a little over 60,000 fishermen and oystermen.

Professors and teachers, aggregating 347,344, form the most numerous of the professional classes; physicians and surgeons, 104,805, come next; then lawyers, 89,639; clergymen, 88,203; government officials, 70,664; musicians, etc., 62,155; engineers and surveyors, 43,239; artists and art teachers, 22,496 journalists, 21,849; and actors, 9,728.

Canada Wants Reciprocity.

Washington, Jan. 19.—John Charlton, M. P., a liberal member of the Canadian house of commons, who is in the city, said yesterday the recent change of government had brought the question of reciprocity to the front in that country, as the liberal party always favored more intimate trade relations with the United States. Mr. Charlton believes the removal of the Canadian duty on Indian corn, American beef and pork, flour and meal would greatly benefit the United States trade. However, he said, he spoke for himself alone and not for his government.

St. Paul Bank Assigns.

St. Paul, Minn., Jan. 19.—The Minnesota State Savings Bank closed its doors Monday and filed a deed of assignment, naming William Bickel as assignee. An affidavit was filed stating that the assets would amount to about \$250,000, while the liabilities are in the neighborhood of \$230,000. The officers of the bank deemed this step the best under the circumstances to protect the depositors. The recent flurry in banking affairs caused withdrawal of deposits to such an extent that, although the bank required the sixty days' notice, it was unable to raise enough ready money to meet demands.

SINK MAN OF WAR WITH TORPEDOES

GUNBOAT SUNK BY THE INSURGENTS.

Seven Spaniards Killed and Many Wounded—Judge Locke of Florida, Renders An Important Decision in The Three Friends Case—Officials Will Not Talk.

Havana, Jan. 19.—The gunboats Centinela and Relampago left Manzanillo on the night of Jan. 16 with the object of going up the River Cauto to Fort Guamo, in compliance with the orders of Gen. Bosch. At 10 o'clock on the morning of Jan. 17 both gunboats were near Mango landing, when an explosion of a torpedo which had been well placed in the river sunk the Relampago. Those of the crew who survived swam toward shore, but were fired on from the banks. At this critical moment a boat was launched from the Centinela which rescued the men in the water. In view of the instructions, and the fact that the commander of the Centinela and nearly all of the crews of both gunboats had been seriously wounded, the expedition had to return to Manzanillo.

Six of the officers and crew of the Relampago were killed outright and all of the rest received wounds of more or less severity.

On the gunboat Centinela the commander, Senor Puerta, was seriously wounded, and of the crew one was killed and Corporal Manuel Cabanas, Pilot Duran, Assistant Engineer Martinez and six of the crew were wounded.

HITS NEUTRALITY LAW.

Remarkable Decision by Judge Locke in The Three Friends Case.

Jacksonville, Fla., Jan. 19.—Judge Locke of the United States court for the southern district of Florida rendered his decision Monday in the Three Friends case upon the exceptions of the defense to the libel of the government for violating neutrality laws. The point was raised by counsel for the defense that inasmuch as the Cuban insurgents had not been recognized by the United States government they were neither a people nor a body politic, as defined by section 283, under which the libel was drawn. This was sustained by Judge Locke, and the district attorney was given ten days in which to file an amended libel. The point was one that had never been raised before.

Officials Will Not Talk.

Washington, Jan. 19.—The officials of the department of justice are unwilling to discuss Judge Locke's decision in the case of the suspected filibuster, the Three Friends, beyond the statement that if the judge at the final hearing sustains to-day's decision an appeal will likely be taken to the United States Court of Appeals at New Orleans, and if an adverse decision is rendered there an appeal will be taken to the United States Supreme court.

Louisville National Bank Goes Under.

Louisville, Ky., Jan. 19.—National Bank Examiner Escott on Monday closed the doors of the German National Bank, J. M. McKnight, president. The capital stock of the institution is \$251,500, with a supposed surplus of \$31,000. The bank is an old one, but for some time past has been regarded as unsafe.

The last statement issued by the bank, Dec. 17, 1896, made a very bad showing. The figures showed that the 25-per cent rule had been violated by about 8 per cent. Under the head of resources it was given out that the bank held \$113,025.29 in securities, stocks, etc. In a signed statement President McKnight says that depositors will be paid in full and that it is probable that the stockholders will reorganize the institution.

Bank Crash at Newport, Ky.

Newport, Ky., Jan. 19.—The First National Bank of this city closed its doors on Monday. Heavy investments in real estate in this city are said to be the cause.

The failure was a great surprise to the business men of the city. While a statement was given out by the officers that no one would lose anything, there were all sorts of rumors flying about. Fortunately the integrity of the officers is such that no suggestion of wrong-doing has found credence. The first evidence of weakness was the refusal of the officers Saturday to pay \$5,000 to the treasurer of the Bellevue school board, which he had recently deposited and which he had been advised he ought to get out.

BRIDGE FIEND CONFESSES.

Sam Palatka Sent Thirty-Five Persons to Their Death.

Atlanta, Ga., Jan. 19.—Sam Palatka, a fiend in expression, revolting in countenance, has confessed to having perpetrated the great Cahaba bridge disaster, which occurred three weeks ago in Alabama. Stolidly he admits that single-handed he sent thirty-five persons to a horrible death, and wounded and maimed a score more. Palatka was arrested in Eatonton, Putnam county, in Middle Georgia. He spoke of the fearful wreck with no sign of emotion. "I did it," said Palatka. "I wanted money. It's nobody's business what I wanted it for. I did it. I found it very easy. I say this for the benefit of those who want to wreck trains. It is just as easy to wreck a passenger train as it is to wreck a freight train. There is no money in a freight. I did not get any out of the wreck. I moved a rail, put it across the track, and the whole business seemed to fall. There were plenty of dead folks with money—one man had \$500—but before I could get at it, the live ones got up and the crowds came. I skipped out then."

May Not Ratify the Treaty.

Washington, Jan. 19.—There is a growing impression here that the arbitration treaty will not be ratified by the senate. This impression was strengthened by Monday's discussion of it in executive session, and by the copies of the correspondence regarding the treaty which were sent to the senate and examined by its members in executive session. The members of the senate, irrespective of party, say frankly that there is a growing sentiment against the treaty and that the prospect of its ratification by that body is slender. A two-thirds vote, of course, is required to confirm the treaty, and the indications are that it probably will not get more than a one-third vote.

FEW HEARD FOOTVILLE LECTURE

Bad Weather Kept People From Hearing Rev. Mr. Maniton.

Footville, Jan. 19.—On account of stormy weather, the lecture at the M. E. church last Monday evening, delivered by Rev. Maniton of Stoughton, was not very well attended, but those present enjoyed a treat. The subject was a good one and the speaker handled it in an able manner, doing it full justice. The third one of the course will be delivered Wednesday evening, Jan. 20, by an M. E. pastor from Appleton, Subject, "Margins." Mrs. Oliver Richards and Mrs. Mark Honeysett of Janesville, spent two days of last week at the home of Mrs. Pennwick. The tobacco warehouse is now running full force under the management of Barnard & Wilder of Evansville. More than forty hands are employed. Robert Straug and wife right royally entertained a few of their friends last Friday evening. The Ladies Aid society of the Christian church held their meeting last Tuesday at the home of their pastor at Center. A bountiful dinner was served; the day was most enjoyable, and we all felt profitable. There will be a concert at the hall Thursday evening, Feb. 4. There will be talent from abroad, and every effort is being made to have it an occasion of great pleasure. William Royer and daughter Hattie, of Iowa, are visiting his sister Mrs. Finley Silverthorn and other friends and relatives in this vicinity.

PLAN TO GET CASH TO START THE CARS

COMMITTEE NAMED TO SOLICIT FUNDS.

Judge Bennett Will Head the List With One Hundred Dollars—Citizens Meet At the Council Chamber To Talk the Matter Over—What Is Needed.

RESOLVED, That the citizens of Janesville are in favor of the street railway in this city; that they are in favor of accepting the offer made by Mr. Blabon to the city in his letter to the citizens of Janesville January 6, 1897; that the citizens will endeavor to comply with requests made of them by Mr. Blabon in said letter.

Committee to solicit funds—F. S. Winslow, R. M. Bostwick, C. E. Conrad, James Shearer, C. K. Millmore and S. B. Heddes.

Captain Pliny Norcross introduced the above resolution; and M. G. Jeffris suggested the above committee at the meeting to consider the street car question at the council chamber last night.

Superintendent Cummins said a power house would cost about \$3,000, and that the cars could run in about sixty days.

Two sites have been offered free of charge—one in Spring Brook and one in the Mole addition.

Mayor Baines presided, and read Mr. Blabon's letter to the citizens, which The Gazette published some days ago.

Superintendent Cummins then explained what was wanted. He said the company had been offered sites free of charge, both in Spring Brook and in the Mole addition. At the Mole end it was impossible to get a side track to the main line. There was ample room on the lots at the Crown addition. He had the choice of two lots on the side track of the Chicago and Northwestern road or two on the corner of Eastern avenue and the Beloit road.

Resolve to Contribute.

M. G. Jeffris' motion that it be the sense of the meeting that the citizens contribute as much as possible for the building of the power house, was adopted. Captain W. T. Vankirk then suggested that the lots offered be sold at auction, and the money put into the building, and a discussion followed. Captain Norcross said the firm of Richardson & Norcross had a lot that cost \$250 in Crown addition that they would donate, but he did not want it sold at auction for a song. He said the people who lived in Forest Park missed the cars very much. Superintendent Cummins was questioned by Captain Norcross as to the cost of the power house and barn. Superintendent Cummins said he thought it would cost about \$3,000. The size of the building would depend largely on the new machinery that Mr. Blabon would put in. F. S. Winslow stated that the size of the building figured on was 80 by 60 feet. Captain Norcross then introduced the resolution printed above, and it was adopted, as was also M. G. Jeff's suggestion as to the committee; and R. M. Bostwick's motion that S. B. Heddes be added to the original committee of five.

Judge Bennett to Give \$100

Mayor Baines said that Judge Bennett had authorized him to tell the people at the meeting that he would start the subscription with \$100.

City Attorney McElroy was called on, and complimented Mr. Blabon very highly. He said Mr. Blabon had always treated the city fairly, even when it meant a loss to him. He had been willing and anxious to comply with all the ordinances and regulations, and had always met the city officials half way. He had never held back taxes or assessments, but had always performed his full share, cheerfully and promptly. Mr. McElroy thought the citizens should do all in their power to aid the project, and said that he knew that Mr. Blabon would carry out his promises to the letter.

In the meantime M. G. Jeffris had been drawing up the following subscription paper:

We, the undersigned, citizens of Janesville, Wisconsin, in consideration of mutual promises, hereby agree to donate to the Janesville Street Railway company for the purpose of building a power house, the sums set opposite to our names respectively, as follows: Twenty-five per cent. per month for four months after the completion of the power house by such company. This subscription is based upon the consideration that said company shall build a power house in said city for the purpose of operating said railway.

The meeting then adjourned.

DEATH ENDS EARTHLY WOES

Mrs. Lucinda Burnham

Word has been received of the death of Mrs. Lucinda Burnham, in Centralia, Wis. For sixty-five years she was a member of the M. E. church. She resided at Lake Mills before going to Centralia.

Mrs. Burnham was the daughter of John and Sally Brown, and was born in Orange county, New York, March 3, 1806. She was therefore ninety years, ten months and ten days old at the time of her death, and was undoubtedly the oldest person in the town cities. She was married to Elisha Brundage January 17, 1828, who died at Ithaca, New York, May 16, 1833. Two children were born to them, Sargeant, who died September 29, 1830, and John Nelson, who died April 26, 1896. She remained a widow for twenty seven years, moving to Madison, Wis., in 1852, and in 1860 was married to Rev. Samuel C. Burnham, of Janesville, Wis., who died several years ago.

SACRED CONFIDENCE.

NO WOMAN'S LETTER PUBLISHED EXCEPT BY REQUEST.

Mrs. Pinkham's Tender Relations With the Suffering of Her Sex—Women Who Cannot Hide Their Happiness.

There is a class of women who, from their own experience, sympathize with their suffering sisters, and in order that such suffering may be lessened, not only put aside false modesty and in heartfelt gratitude publish to the world what every woman should know.

Mrs. W. L. Elliott, Liscomb, Iowa, is one of those women, and has requested us to publish the facts in her case, otherwise it would not be done, as all such evidence is treated in sacred confidence, unless publication is requested by the writer. She says to Mrs. Pinkham:—"I wish you would publish the circumstances of my case, in order that other women may be benefited by my experience."

"I doctored nearly all the time for two years. I spent several hundred dollars without receiving much benefit. Last June I wrote to you and described all my aches and pains. Such a long list as there was: headache, backache, bearing-down pains, terrible soreness, constipation, dizziness, feeling of extreme lassitude, irregularity and nausea; but you answered my letter and told me just what to do. I followed your advice."

"After taking eight bottles of the Vegetable Compound and three bottles of Blood Purifier, I am glad to write you that I have not enjoyed such good health for years, and I am able to do all my own work. I can surely sound the praises of Lydia E. Pinkham's Vegetable Compound, and a number of my friends are taking it upon my recommendation."—Mrs. W. L. ELLIOTT, Liscomb, Iowa.

The Wife of Judge Forbes,

Wever own, N. Y., was an invalid twenty years and employed many physicians. A counsel of doctors sent her to Albany for operation for cancer, but to cancer was found. Her back was cauterized with red hot bars of copper and after much of that kind of torture was sent home on a bed to die.

M. Alden Morehouse, Specialist, now permanently located at the Murdock Flats, this city, saw her a few days before coming to Janesville. She now writes:

"When I commenced treatment under your directions I was in an alarming condition. Could not sleep, walk or sit more than a few minutes at a time. In two weeks I began to feel better. The bloating and pain decreased, appetite improved and food did not distress me. Slept better and sleep was refreshing. There was a glow upon the surface and the skin was warm and moist. I felt much better in every way and am confident that could I have continued under your personal care I would have been restored to a comfortable enjoyment of life, if not fully recovered."

It's a Great Drawing Card....

CLOAK buyers agree that we give best bargains in town. People from a distance are daily attracted by the splendid garments we are letting out at the smallest prices ever tacked onto coats in Janesville. Why, even competition has been forced to follow in the wake, and half price seems to be the order of the day, but they must be content with what is left after customers take in the big show, the same as the side show takes what is left from the main tent. The irresistible logic of low prices brings the trade to our doors and we never disappoint. The lively sale since the New Year began has depleted our muff stock considerably and but few are left; while they last we will give them free with every cloak bought.

Come this week and select a garment, and if you are not prepared to take it, we will arrange with you to keep it until you can. We sell Cloaks regularly at \$10.00 which are about what other stores get \$13.50 to \$15.00 for. Half our price on such a garment is \$5—with a muff free; half their price is \$7.50—figure it out for yourself.

Home-Made Comforters : : : :

"Like mother makes," filled with nice clean cotton good full size—two dozen of them which we just had finished. At the same low price.....\$1.79

Mackintoshes For Women : : :

Ours at \$5.00 have full sweep, double or triple cape, velvet collar, navy blue or black—a guaranteed garment which we replace if it don't shed water.

ARCHIE REID & CO.

The \$13.50 Offer is Off!

It was a good one but it expired by limitation.

Here is a better one For Thursday and Friday : : :

Inventory has been completed and we have selected from our stock one hundred Men's Suits from broken lines, consisting of Cutaways and single and double-breasted Sacks which have formerly sold at \$12 to \$25.

We have made one price on the entire line.....\$7.50

Whether it be a \$12, \$15, \$18, \$22 or \$25 suit we make the price \$7.50 for two days only—Thursday and Friday. * * * There are some losses that pay. The amputation of a foot sometimes saves a leg. We sacrifice our broken lots believing that we gain in the more perfect "sizing" of our stock thus made possible. We have had such a sale as this each January for two years. The first dissatisfied customer is yet to be heard from. What we agree to give at \$7.50 we do give—no reservation.

We do not offer the "choice of any suit in the store for \$7.50" but we do offer a choice from one hundred suits selected from broken lots and ranging in value from \$12 to \$25. We permit no shadow of misrepresentation in our advertisements or in our store. Remember, Thursday and Friday the chance will be open to get high quality business or dress suits for \$7.50.

BOYS IN BLUE LEFT ON JAN. 18, 1861

THE THIRTEENTH REGIMENT'S START FOR FRONT.

Thirty-Six Years Ago Yesterday They Left Camp Treadway For the Front—The Service of the Regiment—Officers of the Rock County Companies.

THIRTY-SIX years ago yesterday, the Thirteenth Wisconsin Volunteer Regiment—the old Thirteenth—trooped out of Camp Treadway—the present fair grounds—to fight for their native land. To the patter of the drums, and the shrill note of the fifes, they marched away—many of them to their death.

Yesterday was a day fraught with memories for so many of those nine hundred brave men who donned the blue at their country's call, as are yet alive.

The Thirteenth Regiment was proposed at the close of the five days' fight around Richmond, at a meeting held in Janesville, to devise means for strengthening the union cause. Before the assembly dispersed, a resolution, providing for the enlistment of a regiment of infantry from Rock county, was introduced, and met with immediate adoption. The preliminaries incident to the business in hand were promptly disposed of, and a committee appointed, consisting of Hamilton Richardson and the Rev. H. C. Tilton, authorized to confer with the governor and concude arrangements for enlisting the soldiers and providing them with officers. The Hon. J. J. R. Pease, Senator Richardson and H. C. Collins were appointed to take charge of the camp, and see that the "boys" were comfortably provided for.

Regiment was formed. All things being intrusted to proper authorities, recruiting began, and before many weeks the regimental roster was completed, and consisted of six companies from Rock County exclusively, the balance from Green and Walworth counties. The regiment, rank and file, as also the officers, was made up from the farm houses and work shops, with a goodly number from Milton college and the High school at Janesville and went into camp northeast of the latter city, on what is now the County Fair Grounds but at that date called "Camp Treadway."

It was mustered into service October 17, 1861, and left the state for Fort Leavenworth, Kan. From thence it marched to Fort Scott, where it remained until March 22, and was transferred to Lawrence, arriving there March 31, 1861. After a month's sojourn, the regiment went to Fort Riley, where it was fitted out for an expedition into Mexico.

On the eve of departure to the land of cocoa and palm, the orders were countermanded, and the "Mexican expedition" retraced its steps to Fort Leavenworth, going thence to Columbus, Ky., Fort Henry, Fort Donelson, remaining at the two forts named for upward of a year, the regimental time being devoted to skirmishes, engagements harassing Forrest and guarding supply steamers between Fort Henry and Hamburg Landing.

Other Service Done. On the 27th of August, 1863, the regiment marched to Stevenson, Ala. After remaining at this port for a short time, it went into camp at Edgfield, near Nashville, where it remained until the expiration of its service, and having re-enlisted, was given a furlough of thirty days, the same being passed in Janesville. Upon entering active service again, the regiment was assigned to the First Brigade of the Fourth Division of the Twentieth Army Corps, and served in the Southwest, remaining at Stevenson, Ala., until after the defeat of Hood at Nashville, when it was assigned to the Third Brigade, Third Division, Fourth Corps, embarked for New Orleans, going thence to Indianola, and serving in Texas until November, 1865, when it returned to Madison via New Orleans, and was mustered out of service. The following is the roster of the officers of the Rock county companies:

The Roger Guards.
Company A or the "Ruger Guards," Edward Ruger, captain, mustered out November 19, 1864; L. P. Nichols, First Lieutenant, resigned July 27, 1863; William Ruger second lieutenant, afterward appointed adjutant on the organization of the regiment; Milton Bowman, appointed second lieutenant, promoted first lieutenant August 11, 1863, resigned September 30, 1864. Samuel S. Cobb, promoted second lieutenant August 11, 1863, first lieutenant October 18, and captain November 21, 1864; George Hoskins, David H. Whittlesey (died at Lawrence, Kan., April 19, 1862.) John B. Johnson and Harvey P. Corey, Sergeants; John W. Follansbee, Olney S. Gibbs (promoted second lieutenant, November 21, 1864.) Daniel B. Bemis, Isaac Earl, John Auld, (promoted second lieutenant October 28, and first lieutenant November 21, 1864.) Myron L. Bentley (died at Leavenworth, Kan., February 11, 1862) and Frank B. Child.

Capt. Woodman's Company.
Company B—Edwin E. Woodman, Captain, mustered out November 19, 1864; James L. Murray, first, and George C. Brown, second lieutenant,

JUDGE BENNETT REFUSES TO CUT HIS ALLOWANCE.

Petitions Presented By Conrad & Co., and C. J. Murphy Ask For a Scaling Down of the Sum—Defendant Avers That the Amount is Not Unreasonable.

Two petitions to have George Van Etta's allowance reduced were argued before Judge Bennett today. C. J. Murphy who holds a judgment against Van Etta on a sprinkling bill, asked that the allowance be reduced and a receiver appointed. He was represented by F. C. Burpee, while Sutherland & Nolan appeared for Van Etta. Conrad & Co., who hold a judgment for groceries furnished, also asked that the allowance be cut down. They were represented by E. F. Carpenter. Van Etta's allowance is \$200 a month. Affidavits were presented showing that this allowance was no more than was fairly needed. Affidavits also showed that the defendant was paying at the rate of \$2,600 a year on his debts. Judge Bennett refused to cut down the allowance.

Pomeroy Farm Sold.

The Pomeroy estate in the town of Fulton, was sold at public sale yesterday afternoon by Officer Appleby for the sum of \$7,125.

The estate was in the hands of three brothers who were heirs to the same but who failed to agree about its division, and the sale was brought about as the only way of settling the matter. The property consists of eighty acres of as fine farming land as there is in Rock county with first class buildings thereon.

SWITCH TARGET SET RIGHT.

Rails Failed To Shift, However, and Caused The Chester Wreck.

A dispatch from Waupun gives the following account of yesterday's wreck at Chester. "A head-on collision occurred on the Northwestern road at Chester at 9:18 this morning. The regular southbound passenger had backed in on the side track to allow the Janesville passenger to pass going north. The switch target showed all right but the switch failed to throw and the two engines came together. Both engines were badly wrecked, the northbound telegraphing the regular engine. Assistant Superintendent Moulton, who was on the Janesville train, was standing at the time and was violently thrown back against a seat and injured severely. Dr. Larabee, the company physician from this place, was called to attend him. No one else was badly hurt, although all the passengers were greatly frightened. Engines from Fond du Lac and Watertown came and took the coaches through. It will take all day to clear the wreck."

WHAT IS THIS DISEASE CALLED DYSPEPSIA?

Like a thief at night, it steals in upon us unawares. The patients have pains about the chest, and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomach which food does not satisfy. Eyes are sunken, the hands and feet become cold and feel clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become constipated; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the urine is scanty and high colored; depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that medical men have mistaken the nature of this disease. Some have treated it for a Liver Complaint, some for Dyspepsia, others for Kidney Disease, etc., but none of the various kinds of treatment have been attended with success.

Now, the Shaker Digestive Cordial causes the food eaten to be digested. This will cause an appetite for more food, and this being digested will result in an increase of strength, an increase of flesh, and an increase of nerve power.

The tired, weary feeling will give way to vigor and courage. The pale, thin and emaciated will recover their color and plumpness, because red blood and fat are the result of properly digested food.

A ten cent trial bottle will produce a result. Its good effects will be realized at once. You will not have to take a dozen bottles to find out if it is doing you any good. Try it, and then give praise to the Shakers of Mt. Lebanon, New York, for the relief that you obtain.

Our 1897 Bicycles are arriving. The first to come is the 'Rambler,' with several marked departures from last year's pattern, and with the price reduced to \$80.

Relief In Six Hours.
Distressing Kidney and Bladder diseases relieved in six hours by "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise, a account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by E. B. Heimstreet, druggist, Janesville, Wis.

The "dished sprocket" on the 1897 Rambler is worth examining. It brings the gear wheel rearer the point of strain and yet keeps ball races wide apart—a most desirable and vital feature.

Bagdad Portieres.

A word to the contemplating buyer of Bagdad portieres. They are offered in the shops at a very low price, but it will be seen that the stripes are narrow and the weight of the material not of good wearing quality. Such would do possibly for a bedroom portiere or to throw over a partly worn lounge in some room where its use would be light, but for real wear the wider, finer woven fabric should be sought.

These curtains are very useful, as they are almost the only couch covers that are more than the regulation 50 inch width. As the stripes can be bought separately it is possible to increase their width ad libitum. As to range in quality, one was seen last week for \$2.05, and an hour later in a bric-a-brac shop hung one valued at \$105. This latter had eight wide stripes, was almost of the thickness of plush and was beautifully fine and firm, while its harmony of coloring, in the main resembling the cheaper and conventional sort, was a revelation of its possibilities.—New York Times.

Trimmed Skirts.

"Are skirts to be trimmed?" is a question daily propounded to the dressmakers. The answer is invariably and emphatically, yes. The newest French models are decorated in many ways, some of them showing the old style flounces, others with accordion plaited frills at the hem—sometimes only one about five inches wide with no frill showing at the top, being either corded there or sewed to the skirt on the underside of the gathers at the top and then turned over. Some of the lighter wools are made with pointed overskirts, and again a Grecianlike drapery appears. Folds, fur bars, braiding, vandykes, crenelated edges and lines of gimp—all are in fashionable use, but, fortunately for the short, stout women, these decorated skirts have not come up for favor to the exclusion of the severely plain model with its simple, elegant finish and length giving lines from belt to hem.—New York Post.

Collars.

The stock collar, with its folds and finishing rosettes and bows, is not yet out of style, says a fashion writer, for it has proved too becoming to many throats and faces to yet be relinquished, but it is contesting for favor with neck trimmings and finishes of many different varieties—V shaped and battlemented shapes standing well away from the face, arched models high at the back and rounding to nothing but a point in front, Medici, Directoire and Robespierre styles for demidress and extremely picturesque, antique styles that give an air of great distinction to the gown and call for materials of the richest, garnitures of the most elaborate and costly and occasions most special, these including Stuart, Queen Bess, Henri Deux, Charles IX and Marie Antoinette replicas that enhance the artistic effect of the latest and rarest French evening toilets.

A Society Songstress.

Mrs. Inez Sprague, the second wife of Governor Sprague of Rhode Island, is achieving such success with her vocal music that she will, no doubt, become more famous than her predecessor, Kate Chase. The present Mrs. Sprague is a very beautiful Virginian, belonging to one of the F. F. V.'s of that state. As a young girl she was quite accomplished, singing well to her own accompaniment. Some two years ago she had her voice tried and by the advice of a master went to Paris to have her voice cultivated. She applied herself assiduously with the best of results. Her voice has a marvelously long range, with a full middle register and great dramatic power.—Philadelphia Times.

New York W. S. A. Officers.

The present officers of the New York State Woman Suffrage association are: President, Jean Brooks Greenleaf, 64 North Goodman street, Rochester; vice president at large, Mariana W. Chapman, 160 Hicks street, Brooklyn; corresponding secretary, Isabel Howland, Sherwood; recording secretary, Harriet May Mills, 926 West Genesee street, Syracuse; treasurer, Kate S. Thompson, 50 Allen street, Jamestown; auditors, Henrietta M. Banker, Cornelia K. Hood; chairman of committee on organization, Harriet May Mills; chairman of legislative committee, Maude S. Humphrey, Warsaw; superintendent of press work, Elvora M. Babcock, Dunkirk.

A Woman's Hospital.

The Woman's Homeopathic Medical club of Philadelphia has obtained a charter for a hospital to be known as the Woman's Southern Homeopathic hospital of Philadelphia. The institution is the outcome of a little dispensary which was opened in 1893 by Amelia L. Hess, M. D., under circumstances that were anything but encouraging. The work grew so fast, however, that several moves to larger quarters had to be made in quick succession, and when still another became necessary the club came to the assistance of the founder.

Colored Corsets.

The white corset is rapidly disappearing, and the delicately colored ones, matching the petticoat of silk and the linings of the gown, are in favor. Black

satin and black silk corsets are the favorites, with tiny dresden rosebuds scattered over them and baby ribbon matching the shade of the buds, threaded and beaded all around the edges. Black lace finishes these beautiful corsets, which fit to perfection.

Kansas Women.

The Kansas Equal Suffrage association has decided to adopt heroic measures in regard to securing the ballot for women. The incoming legislature will be asked to grant suffrage to Kansas women. The state association has banded together to do all in its power to defeat every candidate for office who refuses to openly declare himself for equal suffrage.

FREE TO EVERY MAN

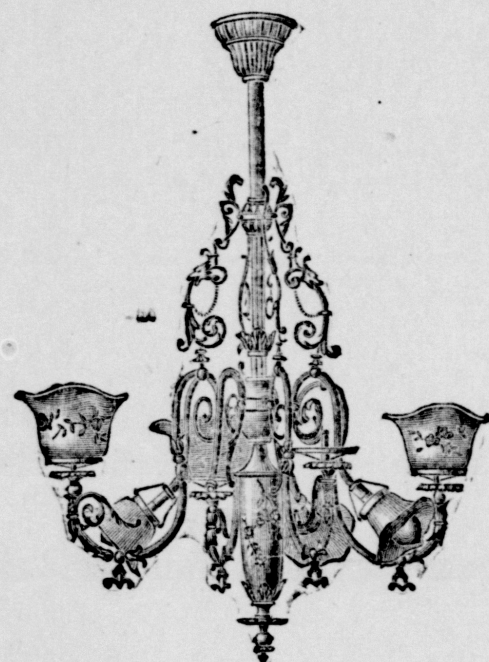

THE METHOD OF A GREAT TREATMENT FOR WEAKNESS OF MEN.

WHICH CURED HIM AFTER EVERYTHING ELSE FAILED.

Painful diseases are bad enough, but when a man is slowly wasting away with nervous weakness, the mental forebodings are ten times worse than the most severe pain. There is no let up to the mental suffering day or night. Since it is almost impossible and under such a strain men are scarcely responsible for what they do. For years the writer rolled and tossed on the troubled sea of sexual weakness until it was a question whether he had not better take a dose of poison and thus end all his troubles. But providential inspiration came to his aid in the shape of a combination of medicines that not only completely restored the general health, but enlarged his weak, emaciated parts to natural size and vigor, and he now declares that any man who will take the trouble to send his name and address may have the method of this wonderful treatment free. Now when I say free I mean absolutely without cost, because I want every weakened man to get the benefit of my experience.

I am not a philanthropist, nor do I pose as an enthusiast, but there are thousands of men suffering the mental tortures of weakened manhood who would be cured at once could they but get such a remedy as the one that cured me. Do not try to study out how I can afford to pay the few postage stamps necessary to mail the information, but send for it, and learn that there are a few things on earth that although they cost nothing to get they are worth a fortune to some men and mean a lifetime of happiness to others. Write to Thomas Slater, Box 424, Kalamazoo, Mich., and the information will be mailed in a plain sealed envelope.

In order for an ad. to make a "home run" it must touch four bases—the eye, the interest, the heart and the pocket book.

MUNYON

Has a Cure for Each Disease

With Munyon's improved Homoeopathic Remedies in the House, Mothers Can Become the Family Physician.

Professor Munyon is honored today as the leading authority in the medical world. His new and humane methods of treatment have swept away all the old-fashioned ideas of doctoring with poisonous drugs that create a dozen diseases in the effort to get rid of one. He does not claim that he has one remedy that will cure all complaints, but that he has prepared a specific cure for nearly every disease. He does not claim that Munyon's Rheumatism Cure will cure consumption, dyspepsia or any other complaint but he does assert that it will cure rheumatism. Munyon's Dyspepsia Cure is prepared expressly to cure dyspepsia; Munyon's Cough Cure to cure coughs; Munyon's Catarrh Remedies to cure catarrh; Munyon's Kidney Cure to cure kidney troubles. The same may be said of all Munyon's different remedies. They may be obtained at all drug stores, mostly at 25 cents a bottle.
